

Eduard Meshchanin

Creative Director and AI Product Builder · Frankfurt am Main

ed.meshchanin@gmail.com linkedin.com/in/eduard-meshchanin-b70955a8

25 years of ideas for global brands at JWT, Grey and my own agencies. Today I also design and build AI products myself, from the first idea to live code, and explore what AI agents and on-chain technology make possible.

Now

fragmatvii.de · Founder
AI tutor for German Gymnasium pupils that never gives the answer, only the right question. Concept, brand, product design and full-stack build (React, Supabase, Stripe, Claude API, Vercel).

AI agents and Web3 · Ongoing
Hands-on experience building AI agents, including agents that work with blockchain mechanics. Strong interest in on-chain development.
